PROFESSIONAL SUMMARY

Experienced **Full Stack Software Developer** with over six (06) **years** of hands-on expertise in designing, developing, and maintaining **scalable enterprise applications** using **Java, Spring Framework, Node.js, Hapi.js, Angular, and JavaScript/TypeScript**. Proficient in building **microservices-based architectures**, developing secure **RESTful APIs**, and applying **clean code and design principles** to deliver high-quality, maintainable systems. Demonstrated ability to improve **database query performance and application efficiency**, achieving significant performance gains through optimization and best practices. Strong experience in **enterprise reporting with JasperReports, CI/CD pipelines, Dockerized deployments, and Agile/Scrum environments**. Recognized for effective collaboration, code reviews, and a commitment to continuous improvement across the full software development lifecycle.

PROFESSIONAL EXPERIENCE

Zenith Solutions Ltd. — *Lead Trainer (Web Design & Development-Contractual)* Nov 2025 - July 2026
R R Trade Center, House No. 205/4, Lift-6 (8th floor), Begum Rokeya Sarani, Taltola, Dhak-1207

- ✓ Deliver **TVET competency-based training** in web development, aligned with occupational standards and learning outcomes.
- ✓ Design and conduct **hands-on practical sessions, skill demonstrations, and workplace-simulated projects**.
- ✓ Assess trainee performance using **competency criteria**, practical evaluations, and continuous assessment methods.
- ✓ Develop and maintain **training materials, lesson plans, and assessment tools** based on TVET guidelines.
- ✓ Mentor trainees on **industry best practices, clean coding, version control, and deployment fundamentals**.
- ✓ Support learner progress through **remedial training, feedback, and competency gap analysis**.

CELLOSCOPE LIMITED — *Senior Software Engineer*
5/5 Gaznabi Road, Mohammadpur, Dhaka, Bangladesh

Feb 2025 - Aug 2025
7 Months

- ✓ Develop and maintain application modules using **Java, Spring Framework, Node.js (hapi.js), Angular** and **clean code principles**.
- ✓ Generate **dynamic PDF and Excel reports** using **JasperReports**, integrating **cross-module data sources**.
- ✓ Manage **Git-based version control** and **CI/CD pipelines** to ensure **reliable deployments**.
- ✓ Collaborate with stakeholders for **requirement analysis**, delivering **modular and maintainable solutions**.
- ✓ Conduct **code reviews, production issue troubleshooting, and change request resolution**.
- ✓ Ensure **interface compatibility** and **environment consistency** through peer guidance and testing.

DOER SERVICES PLC — *Senior Software Developer*
Dilkusha Center (L-8), 28 Dilkusha C/A, Dhaka, Dhaka 1000, BD

Oct 2021 - Jan 2025
3 Years 4 Months

- ✓ Led development of **scalable enterprise frameworks** supporting **microservices-based systems**.
- ✓ Contributed to **system architecture planning** and creation of **standardized design templates**.
- ✓ Gathered **business requirements** and developed **UI/UX prototypes** in collaboration with stakeholders.
- ✓ Designed **core system architecture** and built **reusable modules** including **Admin** and **Security components**.
- ✓ Produced **technical documentation** ensuring alignment with **business logic** and system requirements.
- ✓ Acted as **primary technical point of contact**, participating in **client meetings** and **project reviews**.

COKREATES LIMITED — *Software Developer*
205/4, Begum Rokeya Shoroni, Taltola, Mirpur Dhaka, Dhaka, BD

Jan 2019 - Sep 2021
2 Years 9 Months

- ✓ Worked as a **Full-Stack Developer** on **Web, Microservices**, and **ERP-based e-Government projects**.
- ✓ Participated in **system architecture**, **application testing**, and **deployment** for **high-performance systems**.
- ✓ Translated **business requirements** into **technical specifications** and assisted in **requirement analysis**.
- ✓ Maintained and optimized **application performance**, **database queries**, and **security controls**.
- ✓ Collaborated on **code reviews**, **technical documentation**, and **issue resolution**.

NEW HORIZONS COMPUTER LEARNING CENTER — *Internship & IT Executive*
Montaz Plaza, Level: 03, House: 07, Road: 04, Dhaka, Bangladesh, 1205

Jan 2018 - Dec 2018
6 Months + 6 Months

- ✓ Provided **IT Support** for office and training environments, resolving day-to-day technical issues.
- ✓ Installed, configured, and troubleshoot **Microsoft Office and Windows** applications.
- ✓ Diagnosed and resolved **system, software, printer, and network issues**.
- ✓ Assisted users with **software updates, security practices, and basic IT training**.

SKILLS & EXPERTISE

Backend: Java, Spring Framework, Spring Boot, Spring Security, JWT, OAuth, JPA/Hibernate, Node.js with Hapi.js, Microservices, REST APIs, RabbitMQ, JasperReports

Frontend: JavaScript, TypeScript, Angular, Bootstrap

Databases: PostgreSQL, Oracle, MySQL, PL/SQL, Redis

DevOps & Cloud: Docker, Kubernetes, Docker Swarm, Jenkins, Nginx, Git/GitHub/GitLab, CI/CD

Build & Tools: Maven, Gradle

Core Competencies: Data Structures & Algorithms (DSA), System Design, Problem Solving, Agile/Scrum

PROJECT INVOLVEMENTS

IMS (Integrated Microfinance Solution): Built backend modules with **Spring Boot, Angular, Node.js, JDBC & R2DBC**, ensuring **ACID compliance**. Automated reports with **JasperReports** (50% manual effort reduced) and streamlined deployments via **GitLab CI/CD**.

GRP (Government Resource Planning): Developed **Spring Boot microservices** for core govt. modules (Assets, Procurement, HR, Accounts, etc.). Added **OAuth security**, **JasperReports** for PDF, and optimized SQL queries.

D-COURIER (Courier Logistics): Implemented **real-time tracking** with REST/WebSocket APIs, Angular dashboard, **JWT security**, and **QR-code consignment slips**.

DOER-SCHOOL (School Management): Delivered modules for **enrollment, exams, and results**, using Spring Pageable & Criteria API for backend and Angular + JasperReports for UI & reporting.

BEEMA-BOX (Insurance System): Built **policy, claims, and onboarding** modules with Spring Boot, responsive Angular (RxJS), SMS/email API integration, and secure payment workflows.

PROFESSIONAL CERTIFICATIONS & AWARDS

- ✓ Completed **Competency-Based Training & Assessment Methodology (CBT&AM) Level-4** from National Skills Development Authority (NSDA), 2026
- ✓ NSDA Certification on **Web Design (L-3), Graphic Design for Freelancing (L-3), Digital Marketing for Freelancing (L-3), Computer Operation (L-2) & IT Support Service (L-3)** from NSDA, 2026
- ✓ Also Certification on **Web Design and Development for Freelancing (L-3)** from NSDA 2025
- ✓ Certificate on the **Cyber Hygiene Training jointly organised by Asia Foundation & SAJIDA Foundation, 2025**
- ✓ **Appreciation Award** – Recognized for **outstanding contribution** in **GRP Project Development**, presented by **Bangladesh Computer Council (BCC), 2020.**
- ✓ **Oracle Certified Associate (OCA), Java SE 8 Programmer** from Oracle University – Scored 94%, 2018

ACADEMIC RECORDS

- ✓ Professional Diploma in **Enterprise System Analysis & Design – Java Enterprise Edition (ESAD-JEE)** from IsDB-BISEW, 2018
- ✓ **BBA** in Accounting, America Bangladesh University, 2013 – Obtained **CGPA 3.55** [scale of 4.00]
- ✓ **Certified Accounting Technician** from Chartered University College & ACCA Bangladesh, 2010
- ✓ **HSC** in Science Group, Jessore Board, Passing Year 2008 – Obtained **GPA 4.70** [scale of 5.00]
- ✓ **SSC** in Science Group, Jessore Board, Passing Year 2005 – Obtained **GPA 4.19** [scale of 5.00]

LEADERSHIP & COLLABORATION

- ✓ Mentored junior developers, improving team productivity through **pair programming**.
- ✓ Collaborated with QA, DevOps, and UI/UX teams for **stable, high-quality releases**.
- ✓ Contributed to sprint planning, code reviews, and performance optimization.
- ✓ Established and enforced coding standards for scalable, maintainable systems.
